NOI 01- 003-IPMA

Re: Closure of Slip Lane on 32nd Street NW connecting Utah Ave NW and Tennyson St NW

Dear Chairperson Gore:

Pursuant to the “Administrative Procedure Amendment Act of 2000” D.C. LAW 13-249 (48 DCR 3491 April 20, 2001), the District Department of Transportation (DDOT) is required to give a written notice of our intent to modify traffic and/or parking requirements. This letter is being forwarded to you for the purpose of notification and solicitation of comments on our intent to implement the following in your jurisdiction.

- Remove the existing slip lanes on 32nd Street NW that connects Utah Avenue and Tennyson Street NW, and Utah Avenue and 32nd Street NW.
- Remove approximately five (5) street parking spaces
- Add approximately five (5) street parking spaces

The intention of the proposed change is to improve pedestrian safety, reduce the impact of stormwater runoff into nearby streams, reduce the impact of weather extremes, and to improve the air quality for the nearby residents. Presently, there is a 100-foot slip lane on 32nd Street NW that connects Utah Ave and Tennyson St NW. There also exists a 25-foot crosswalk connecting the sidewalk along Utah Ave NW, and a 45-foot crosswalk connecting the sidewalk along Tennyson St NW across 32nd St NW. The proposed changes would eliminate the slip lane to provide a continuous sidewalk along both Tennyson St and Utah Ave NW and would increase the greenspace at the existing triangle park. Additionally, the southbound lane of 32nd Street will be removed, and the intersection will be redesigned with stop signs, and will remove the existing crosswalk, provide new crosswalks across Utah Ave NW, and add sidewalk and greenspace to the redesigned intersection.

Figure 1 shows the location of the proposed changes to be installed.

Figure 1 | Proposed Limits of Road Closure for 32nd Street NW and Parking Removal for Utah Ave NW

All comments on this subject matter must be filed in writing by Tuesday, April 18, 2023 (thirty business days after the date of this notice), with the District Department of Transportation (DDOT), Transportation Operations Administration at 250 M Street, SE, Washington, D.C. 20003.

DDOT will review and evaluate comments and anticipates initiating implementation of the abovementioned modifications starting at the end of the thirty business days, pending weather conditions. If you would like to check the status of this Notice of Intent (NOI), please visit DDOT's website at: <http://ddot.dc.gov/service/ddot-notice-intent>. If you have trouble accessing the NOI site or are unable to do so, please contact the DDOT Customer Service Clearinghouse at 202-671-2800.
