

CRESTWOOD TRIANGLE PARK

PROJECT UPDATE: FEBRUARY 2024

PROJECT OVERVIEW:

The Crestwood Triangle Park renovation and improvements include:

- Preserve Existing Trees and Natural Elements
- Preserve Open Space for gathering and events
- Nature-Inspired Play Spot
- Improve the grass in the park (power-tilled overseeding per UFD)
- New Tree Plantings
- ADA access
- New Site Furnishings and Signage

PROJECT TIMELINE:

- Outreach and Survey: 2020
- Survey Results: 2021
- Design Begins: 2022
- Final Design: February 2023
- Permits: Spring-Summer 2023
- Construction Begins: Fall 2023
- Construction Complete: Winter/Spring 2024
- Park to be fully opened on Thursday: Feb. 15, 2024

WHAT HAPPENED IN THE PAST FEW MONTHS:

- Relocation of the existing honoring tree
- Site excavation complete
- Perimeter drains have been installed in the play area
- Retaining Walls were complete
- Park bench and bulletin board were installed
- Park Signs and rules were installed
- ADA accessible entrance surface was installed
- Climbable play equipment was delivered and installed
- The play area benches were installed
- The play spot Engineered Wood Fiber (EWF) mulch was installed.
- The play spot was inspected and received an approved Certified Playground Safety Inspection (CPSI)

WHAT TO EXPECT GOING FORWARD:

- Sediment and Erosion Control will be removed
- Temporary Construction Fencing will be removed
- Tree Protection Fencing will be removed
- Park will open to the public
- Grass overseeding will be performed again this spring
- Plants monitored

The new signs have been installed along with the permeable rubber surfacing under the bike racks.

The nature-inspired play spot has been installed to be enjoyed from children from 5-105.
